## GRAND OPENING HELD FOR BAYBERRY 7 HOMES

Second Act Communities celebrated the Grand Opening of eight homes that were rehabilitated to serve low-income families on May 14, 2015.

The national nonprofit and its local partner, the Virginia Beach Community Development Corporation (VBCDC), held a ribbon cutting ceremony at one of the newly rehabilitated homes to mark the successful completion of the company's Bayberry 7 Affordable Housing Project. These homes will now serve low-income families as a stable and supportive environment for overcoming challenges such as job loss or domestic violence. Case management and other supportive services are provided to residents by local property manager VBCDC.

Second Act Communities is a national nonprofit developer of affordable and employer-sponsored housing. VBCDC is a local nonprofit property manager providing supportive services to families in need. Together, these organizations are champions for supportive communities where everyone is empowered to live their best lives.
