VBCDC Presents Awards to Staff Reaching Service Milestones

The Virginia Beach CDC presented Service Awards to four staff partners at its annual Holiday Party on Thursday.

Cecile McCarrick, VBCDC's Ambassador, received an award for 5 years of service.

Tim Haeselin, VBCDC's Facilities & Fleet Team Lead, also received an award for 5 years of service.

Tanisha Davis, VBCDC's Leader of Family and Community Support Services, received an award for 10 years of service.

Jessica Guglielmo, VBCDC's Chief Operating Officer, received an award for 20 years of service.

This is the first year that VBCDC has recognized Service Awardees, who received commemorative certificates and the opportunity to participate in the corporation's new partner Renewal Program. The Renewal Program is a form of administrative leave that will enable partners who have reached service milestones to refresh themselves through rest, travel, and research.
